Product Recall Announcement

CTFB is notifying Partners of a nationwide Product Recall. The J. M. Smucker Co. is recalling select Jif® peanut butter products sold in the U.S. due to potential Salmonella contamination. Read official FDA announcement and product detail [here](#).

CTFB has not purchased the affected items therefore it was not available on the shopping list, however, it's possible these items could have been a part of food received through Agency Retail Pick-up or as a part of other donations.

Please locate and dispose of any of the potentially affected products (**Jif peanut butter products – click on link above for more information on affected USE BY dates, etc.**) still in your agency's possession.
