URGENT Banana Box Return Request

Partners,

We know how useful banana boxes are to everyone's distributions, and their usefulness is definitely important to CTFB's operations as well. At this time, we are at a critically low level of banana boxes we reuse regularly to distribute food to our Partner Agencies.

We are urgently asking you to please send back any unused banana boxes to the food bank with the delivery drivers at your next delivery, or bring them with you when you come for your next agency dock pick-up at the food bank. Without these boxes, our capacity to package food is severely impacted.

Please help us with this shared resource we all depend on in our collective fight against hunger in the community.

Thanks for your response to this urgent request! If you have any questions, please email agencies@centraltexasfoodbank.org.
