## **Annual Capacity Building Survey Window**

Thank you for participating in the Capacity Building Survey info sessions last week. We are looking forward to using your feedback to evolve our service model to our network of partners.

While you may have previously provided this information during the Network Assessment last year, the information gathered from this Capacity Building Survey is required to help us move to a delivery-only model, streamline the ordering process, expand nutritious and perishable food offerings, and most importantly, enable you to serve in an elevated capacity. We are also looking forward to utilizing your responses to update our referral process to community members.

This survey should take approximately 20 minutes to complete. Submissions are due no later than Friday, July 21st. There should only be one submission per agency. If you are having difficulty completing online, please call the AR hotline and we can assist with completing over the phone on your behalf. Please reach out to [agencies@centraltexasfoodbank.org](mailto:agencies@centraltexasfoodbank.org) for help!

## **Request for Agency Pictures**

As we approach this year's conference, the Network Standards and Capacity Team is requesting pictures of our partners in action to showcase on the stage throughout the day. Please send pictures of your volunteers, staff, distributions, and meal services to Ann Do at [ado@centraltexasfoodbank.org](mailto:ado@centraltexasfoodbank.org).
