What is SNAP?

SNAP benefits, the new name for food stamps, can help you buy food at most grocery stores and some farmers' markets.

Benefits are loaded monthly onto the Lone Star Card, which works similarly to a debit or credit card.

What can I buy with SNAP Benefits?

Benefits can be used to purchase any food product, including nonalcoholic drinks and food seasonings (i.e., spices). They can also be used to purchase seeds and plants that produce food for the household to eat.

The brands of food that you can buy using SNAP benefits are not limited; however, you cannot use SNAP benefits to buy:

- Beer, wine, liquor, cigarettes, or tobacco
- Pet foods
- Non-food items, such as soaps, paper products, household supplies, vitamins, and medicines
- Hot foods

Who is included in my household?

Anyone you live with who you also purchase and prepare food with is a member of your household. Household members do not have to be related to you. Roommates are typically not considered household members because they buy and prepare food separately.

What if I'm living at home?

People under the age of 22 and living with their parents are considered members of their parents' household and cannot apply for SNAP as an individual.
